

# SHORT COURSES

FOR MIDDLE SECONDARY STUDENTS

**Are you a Year 9 student interested in gaining skills in the Arts, Health & PE or STEM?**

## AFTER-SCHOOL SHORT COURSES

Mindarie Senior College is providing **FREE** short courses to Year 9 students across a range of subject areas. Get a taste of what we have to offer using our specialist facilities, and learning from our experienced Senior Secondary teachers.

## ABOUT MINDARIE SENIOR COLLEGE

Mindarie Senior College is a purpose-built Senior College, catering for Year 11 and 12 students. Guided by our Young Adult Ethos, we foster students' personal responsibility and independence, supporting them to grow in their journey toward adulthood.

# COURSE INFORMATION

Courses will be available in Term 4 of 2024. See below for information on each of the Courses and how to register your interest.

## **Ceramic sea creatures**

Create your own glazed ceramic tile with textured sea creatures in our specialist art facilities.

## **Live television production**

Work with our highly skilled Drama and Media teachers to record a short current affairs program. Get hands on with the equipment in the creation of a multi-camera studio shoot.

## **Intro to Sports Science**

Join our HPE staff at Moordidjabiny- our purpose built Sports Science Lab. Cover the fundamentals of functional anatomy and exercise physiology. Undergo fitness testing and develop your own fitness program and nutrition guide.

## **Music at Mindarie**

Are you a budding musician? Come and jam with like-minded students as you create your own song and record it *live*.

## **Intro to roping**

Our Outdoor Education Course takes students to new heights in their abseiling unit. Learn the roping and knot tying skills used by our Outdoor Ed students, and test your nerve on our very own rock climbing walls.

## **Mathematics extension**

Calling all Mathematicians! Our Maths Specialist teachers have designed a unique Course to challenge your Maths skills and introduce you to concepts that will prepare you for the study of Senior Secondary Mathematics.

## **Make an item of clothing**

Using a block pattern, you will adapt and make your own garment. Refine your sewing skills and gets hands on with our experienced Textiles teacher to guide you.

## **Dance as entertainment**

Join our specialist Dance teacher to learn dance techniques, rehearse a short routine, and perform 'under lights' in our Performing Arts Theatre.

Register your interest through the QR code. For more information contact College reception, 6207 5500.
