

OCTOBER REVISION TUTORIALS

PROGRAM INCLUDES:

Subject Revision: These classes consist of nine hours of teaching broken up evenly over the five days. The program consists of re-teaching and revision, and is designed to reveal to students how the work they have learnt will be assessed in their final exams.

Exam Preparation: Once the teacher has revised the key concepts in a subject, they then demonstrate how this material is assessed in ATAR-style questions. There is sufficient time within the program for teachers to model how to answer exam questions successfully as well as time for students to independently practice constructing their own responses. All our school teachers have significant marking experience and know what needs to be addressed to ensure students achieve success.

FAQs

How can students be assured that what they have learnt at school will be addressed in the WACE+ Program? The answer to this important question is really quite simple.

- + The foundation of our revision tutorials is the Western Australian curriculum which is the same syllabus guidelines used by the school.
- + We also send out a questionnaire to all families participating in the program before the classes begin, to find out exactly what topics and texts students have been studying, and this information is forwarded to the WACE+ teachers for inclusion in their programs.
- + This questionnaire also asks families to alert us of any specific weaknesses in the student's knowledge that may have been identified by the school or the student so that specific area can be re-taught by the WACE+ teacher.

IMPORTANT

Some students find it very difficult to sustain an independent study program. These tutorials offer them a structured way to comprehensively prepare for exams.

A SUCCESSFUL PROGRAM

WACE+ Revision and ATAR Exam Preparation tutorials have a history of successfully supporting students to achieve their academic objectives. To view the students evaluations from previous courses see the Program Feedback tab at mastermindaustralia.com.au

These classes are open to all secondary students studying the Western Australian curriculum. Our cohort consists of students from a wide variety of schools located in suburbs around Perth and there are always students from regional areas who understand the value of including the programs in their holiday schedule.

ABOUT OUR TUTORS

The staff engaged to deliver these programs are experienced subject specialists. Some are heads of department, others are senior teachers and most have some marking experience. They have all delivered similar programs in the past and the student feedback from these classes has always been excellent.

ATAR Revision and Exam Preparation Program

(To be held on the Hale School campus)

Monday 30 September to Friday 4 October

Choose one subject per time-slot
